

Data Transfer Agreement

Catalogic Software, Inc. (“Catalogic”) may, for technical support or in the event Customer selects a data center location outside Customer’s country of origin, transfer personal data to a third country when providing Catalogic’s CloudCasa Cloud Services (“Cloud Services” or “the Cloud Services”). This Data Transfer Agreement (the “DTA”) incorporates the Standard Contractual Clauses as implemented by Decision (EU) 2021/914 of 4 June 2021 on standard contractual clauses for the transfer of personal data to third countries and forms part of the Master Service Agreement and all Annexes, Supplements, Exhibits or sub-agreements (collectively defined as the “Agreement”) between Catalogic and Customer for the purchase of Catalogic’s Cloud Services. Any terms not defined have the same definition ascribed to them in them in the Master Service Agreement, Terms of Service or Standard Contractual Clauses. This DTA has been executed by Catalogic Software, Inc., as a data importer. To execute this DTA, Customer should complete Customer’s information and return the fully executed DTA to info@catalogicsoftware.com. Acceptance of this DTA is effective upon Catalogic’s email receipt of the signed DTA.

Revised September, 2023

SECTION I – Introduction

Clause 1 – Purpose and scope

(a) The purpose of these standard contractual clauses is to ensure compliance with the requirements of Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (General Data Protection Regulation) [FN1 omitted] for the transfer of personal data to a third country.

(b) The Parties:

(i) the natural or legal person(s), public authority/ies, agency/ies or other body/ies (hereinafter ‘entity/ies’) transferring the personal data, as listed in Annex I.A. (hereinafter each ‘data exporter’), and

(ii) the entity/ies in a third country receiving the personal data from the data exporter, directly or indirectly via another entity also Party to these Clauses, as listed in Annex I.A. (hereinafter each “data importer”).

have agreed to these standard contractual clauses (hereinafter: “Clauses”).

(c) These Clauses apply with respect to the transfer of personal data as specified in Annex I.B.

(d) The Appendix to these Clauses containing the Annexes referred to therein forms an integral part of these Clauses.

Clause 2 – Effect and invariability of the Clauses

(a) These Clauses set out appropriate safeguards, including enforceable data subject rights and effective legal remedies, pursuant to Article 46(1) and Article 46 (2)(c) of Regulation (EU) 2016/679 and, with respect to data transfers from controllers to processors and/or processors to processors, standard contractual clauses pursuant to Article 28(7) of Regulation (EU) 2016/679, provided they are not modified, except to select the appropriate Module(s) or to add or update information in the Appendix. This does not prevent the Parties from including the standard contractual clauses laid down in these Clauses in a wider contract and/or to add other clauses or additional safeguards, provided that they do not contradict, directly or indirectly, these Clauses or prejudice the fundamental rights or freedoms of data subjects.

(b) These Clauses are without prejudice to obligations to which the data exporter is subject by virtue of Regulation (EU) 2016/679.

Clause 3 – Third-Party beneficiaries

(a) Data subjects may invoke and enforce these Clauses, as third-party beneficiaries, against the data exporter and/or data importer, with the following exceptions:

- (i) Clause 1, Clause 2, Clause 3, Clause 6, Clause 7;
- (ii) Clause 8 – Module One: Clause 8.5 (e) and Clause 8.9(b); Module Two: Clause 8.1(b), 8.9(a), (c), (d) and (e); Module Three: Clause 8.1(a), (c) and (d) and Clause 8.9(a), (c), (d), (e), (f) and (g); Module Four: Clause 8.1 (b) and Clause 8.3(b);
- (iii) Clause 9 – Module Two: Clause 9(a), (c), (d) and (e); Module Three: Clause 9(a), (c), (d) and (e);
- (iv) Clause 12 – Module One: Clause 12(a) and (d); Modules Two and Three: Clause 12(a), (d) and (f);
- (v) Clause 13;
- (vi) Clause 15.1(c), (d) and (e);
- (vii) Clause 16(e);
- (viii) Clause 18 – Modules One, Two and Three: Clause 18(a) and (b); Module Four: Clause 18.

(b) Paragraph (a) is without prejudice to rights of data subjects under Regulation (EU) 2016/679.

Clause 4 – Interpretation

(a) Where these Clauses use terms that are defined in Regulation (EU) 2016/679, those terms shall have the same meaning as in that Regulation.

(b) These Clauses shall be read and interpreted in the light of the provisions of Regulation (EU) 2016/679.

(c) These Clauses shall not be interpreted in a way that conflicts with rights and obligations provided for in Regulation (EU) 2016/679.

Clause 5 – Hierarchy

In the event of a contradiction between these Clauses and the provisions of related agreements between the Parties, existing at the time these Clauses are agreed or entered into thereafter, these Clauses shall prevail.

Clause 6 – Description of the transfer(s)

The details of the transfer(s), and in particular the categories of personal data that are transferred and the purpose(s) for which they are transferred, are specified in Annex I.B.

Clause 7 – Docking clause

(a) An entity that is not a Party to these Clauses may, with the agreement of the Parties, accede to these Clauses at any time, either as a data exporter or as a data importer, by completing the Appendix and signing Annex I.A.

(b) Once it has completed the Appendix and signed Annex I.A, the acceding entity shall become a Party to these Clauses and have the rights and obligations of a data exporter or data importer in accordance with its designation in Annex I.A.

(c) The acceding entity shall have no rights or obligations arising under these Clauses from the period prior to becoming a Party.

SECTION II – Obligations of the Parties

Clause 8 – Data protection safeguards

The data exporter warrants that it has used reasonable efforts to determine that the data importer is able, through the implementation of appropriate technical and organisational measures, to satisfy its obligations under these Clauses.

8.1 Instructions

(a) The data importer shall process the personal data only on documented instructions from the data exporter. The data exporter may give such instructions throughout the duration of the contract.

(b) The data importer shall immediately inform the data exporter if it is unable to follow those instructions.

8.2 Purpose limitation The data importer shall process the personal data only for the specific purpose(s) of the transfer, as set out in Annex I.B, unless on further instructions from the data

exporter.

8.3 Transparency On request, the data exporter shall make a copy of these Clauses, including the Appendix as completed by the Parties, available to the data subject free of charge. To the extent necessary to protect business secrets or other confidential information, including the measures described in Annex II and personal data, the data exporter may redact part of the text of the Appendix to these Clauses prior to sharing a copy, but shall provide a meaningful summary where the data subject would otherwise not be able to understand the its content or exercise his/her rights. On request, the Parties shall provide the data subject with the reasons for the redactions, to the extent possible without revealing the redacted information. This Clause is without prejudice to the obligations of the data exporter under Articles 13 and 14 of Regulation (EU) 2016/679.

8.4 Accuracy If the data importer becomes aware that the personal data it has received is inaccurate, or has become outdated, it shall inform the data exporter without undue delay. In this case, the data importer shall cooperate with the data exporter to erase or rectify the data.

8.5 Duration of processing and erasure or return of data Processing by the data importer shall only take place for the duration specified in Annex I.B. After the end of the provision of the processing services, the data importer shall, at the choice of the data exporter, delete all personal data processed on behalf of the data exporter and certify to the data exporter that it has done so, or return to the data exporter all personal data processed on its behalf and delete existing copies. Until the data is deleted or returned, the data importer shall continue to ensure compliance with these Clauses. In case of local laws applicable to the data importer that prohibit return or deletion of the personal data, the data importer warrants that it will continue to ensure compliance with these Clauses and will only process it to the extent and for as long as required under that local law. This is without prejudice to Clause 14, in particular the requirement for the data importer under Clause 14(e) to notify the data exporter throughout the duration of the contract if it has reason to believe that it is or has become subject to laws or practices not in line with the requirements under Clause 14(a).

8.6 Security of processing

(a) The data importer and, during transmission, also the data exporter shall implement appropriate technical and organisational measures to ensure the security of the data, including protection against a breach of security leading to accidental or unlawful destruction, loss, alteration, unauthorised disclosure or access to that data (hereinafter “personal data breach”). In assessing the appropriate level of security, the Parties shall take due account of the state of the art, the costs of implementation, the nature, scope, context and purpose(s) of processing and the risks involved in the processing for the data subjects. The Parties shall in particular consider having recourse to encryption or pseudonymisation, including during transmission, where the purpose of processing can be fulfilled in that manner. In case of pseudonymisation, the additional information for attributing the personal data to a specific data subject shall, where possible, remain under the exclusive control of the data exporter. In complying with its obligations under this paragraph, the data importer shall at least implement the technical and organisational

measures specified in Annex II. The data importer shall carry out regular checks to ensure that these measures continue to provide an appropriate level of security.

(b) The data importer shall grant access to the personal data to members of its personnel only to the extent strictly necessary for the implementation, management and monitoring of the contract. It shall ensure that persons authorised to process the personal data have committed themselves to confidentiality or are under an appropriate statutory obligation of confidentiality.

(c) In the event of a personal data breach concerning personal data processed by the data importer under these Clauses, the data importer shall take appropriate measures to address the breach, including measures to mitigate its adverse effects. The data importer shall also notify the data exporter without undue delay after having become aware of the breach. Such notification shall contain the details of a contact point where more information can be obtained, a description of the nature of the breach (including, where possible, categories and approximate number of data subjects and personal data records concerned), its likely consequences and the measures taken or proposed to address the breach including, where appropriate, measures to mitigate its possible adverse effects. Where, and in so far as, it is not possible to provide all information at the same time, the initial notification shall contain the information then available and further information shall, as it becomes available, subsequently be provided without undue delay.

(d) The data importer shall cooperate with and assist the data exporter to enable the data exporter to comply with its obligations under Regulation (EU) 2016/679, in particular to notify the competent supervisory authority and the affected data subjects, taking into account the nature of processing and the information available to the data importer.

8.7 Sensitive data Where the transfer involves personal data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, or trade union membership, genetic data, or biometric data for the purpose of uniquely identifying a natural person, data concerning health or a person's sex life or sexual orientation, or data relating to criminal convictions and offences (hereinafter "sensitive data"), the data importer shall apply the specific restrictions and/or additional safeguards described in Annex I.B.

8.8 Onward transfers The data importer shall only disclose the personal data to a third party on documented instructions from the data exporter. In addition, the data may only be disclosed to a third party located outside the European Union [FN 4 omitted] (in the same country as the data importer or in another third country, hereinafter "onward transfer") if the third party is or agrees to be bound by these Clauses, under the appropriate Module, or if:

(i) the onward transfer is to a country benefitting from an adequacy decision pursuant to Article 45 of Regulation (EU) 2016/679 that covers the onward transfer;

(ii) the third party otherwise ensures appropriate safeguards pursuant to Articles 46 or 47 Regulation of (EU) 2016/679 with respect to the processing in question;

(iii) the onward transfer is necessary for the establishment, exercise or defence of legal claims in the context of specific administrative, regulatory or judicial proceedings; or

(iv) the onward transfer is necessary in order to protect the vital interests of the data subject or of another natural person.

Any onward transfer is subject to compliance by the data importer with all the other safeguards under these Clauses, in particular purpose limitation.

8.9 Documentation and compliance

(a) The data importer shall promptly and adequately deal with enquiries from the data exporter that relate to the processing under these Clauses.

(b) The Parties shall be able to demonstrate compliance with these Clauses. In particular, the data importer shall keep appropriate documentation on the processing activities carried out on behalf of the data exporter.

(c) The data importer shall make available to the data exporter all information necessary to demonstrate compliance with the obligations set out in these Clauses and at the data exporter's request, allow for and contribute to audits of the processing activities covered by these Clauses, at reasonable intervals or if there are indications of noncompliance. In deciding on a review or audit, the data exporter may take into account relevant certifications held by the data importer.

(d) The data exporter may choose to conduct the audit by itself or mandate an independent auditor. Audits may include inspections at the premises or physical facilities of the data importer and shall, where appropriate, be carried out with reasonable notice.

(e) The Parties shall make the information referred to in paragraphs (b) and (c), including the results of any audits, available to the competent supervisory authority on request.

Clause 9 – Use of sub-processors

(a) GENERAL WRITTEN AUTHORIZATION: the data importer has the data exporter's general authorization for the engagement of sub-processor(s) from an agreed list. That data importer shall specifically inform the data exporter in writing of any intended changes to that list through the addition or replacement of sub-processors at least 14 days in advance, thereby giving the data exporter sufficient time to be able to object to such changes prior to the engagement of the sub-processor(s). The data importer shall provide the data exporter with the information necessary to enable the data exporter to exercise its right to object.

The list of agreed upon processors, pursuant to the general authorization in Clause 7.7(a) is attached to each unique combined Data Processing Agreement and Data Transfer Agreement (collectively, "Data Processing Supplement") as Exhibit A and is otherwise available at: <https://cloudcasa.io/legal>. (b) Where the data importer engages a sub-processor to carry out specific processing activities (on behalf of the data exporter), it shall do so by way of a written

contract that provides for, in substance, the same data protection obligations as those binding the data importer under these Clauses, including in terms of third-party beneficiary rights for data subjects. [FN 8 omitted] The Parties agree that, by complying with this Clause, the data importer fulfils its obligations under Clause 8.8. The data importer shall ensure that the sub-processor complies with the obligations to which the data importer is subject pursuant to these Clauses.

(c) The data importer shall provide, at the data exporter's request, a copy of such a sub-processor agreement and any subsequent amendments to the data exporter. To the extent necessary to protect business secrets or other confidential information, including personal data, the data importer may redact the text of the agreement prior to sharing a copy.

(d) The data importer shall remain fully responsible to the data exporter for the performance of the sub-processor's obligations under its contract with the data importer. The data importer shall notify the data exporter of any failure by the sub-processor to fulfil its obligations under that contract.

(e) The data importer shall agree a third-party beneficiary clause with the sub-processor whereby – in the event the data importer has factually disappeared, ceased to exist in law or has become insolvent – the data exporter shall have the right to terminate the sub-processor contract and to instruct the sub-processor to erase or return the personal data.

Clause 10 – Data subject rights

(a) The data importer shall promptly notify the data exporter of any request it has received from a data subject. It shall not respond to that request itself unless it has been authorised to do so by the data exporter.

(b) The data importer shall assist the data exporter in fulfilling its obligations to respond to data subjects' requests for the exercise of their rights under Regulation (EU) 2016/679. In this regard, the Parties shall set out in Annex II the appropriate technical and organisational measures, taking into account the nature of the processing, by which the assistance shall be provided, as well as the scope and the extent of the assistance required.

(c) In fulfilling its obligations under paragraphs (a) and (b), the data importer shall comply with the instructions from the data exporter.

Clause 11 – Redress

(a) The data importer shall inform data subjects in a transparent and easily accessible format, through individual notice or on its website, of a contact point authorised to handle complaints. It shall deal promptly with any complaints it receives from a data subject.

(b) In case of a dispute between a data subject and one of the Parties as regards compliance with these Clauses, that Party shall use its best efforts to resolve the issue amicably in a timely fashion. The Parties shall keep each other informed about such disputes and, where appropriate, cooperate in resolving them.

(c) Where the data subject invokes a third-party beneficiary right pursuant to Clause 3, the data importer shall accept the decision of the data subject to:

- (i) lodge a complaint with the supervisory authority in the Member State of his/her habitual residence or place of work, or the competent supervisory authority pursuant to Clause 13;
- (ii) refer the dispute to the competent courts within the meaning of Clause 18.

(d) The Parties accept that the data subject may be represented by a not-for-profit body, organisation or association under the conditions set out in Article 80(1) of Regulation (EU) 2016/679.

(e) The data importer shall abide by a decision that is binding under the applicable EU or Member State law.

(f) The data importer agrees that the choice made by the data subject will not prejudice his/her substantive and procedural rights to seek remedies in accordance with applicable laws.

Clause 12 – Liability

(a) Each Party shall be liable to the other Party/ies for any damages it causes the other Party/ies by any breach of these Clauses.

(b) The data importer shall be liable to the data subject, and the data subject shall be entitled to receive compensation, for any material or non-material damages the data importer or its sub-processor causes the data subject by breaching the third-party beneficiary rights under these Clauses.

(c) Notwithstanding paragraph (b), the data exporter shall be liable to the data subject, and the data subject shall be entitled to receive compensation, for any material or non-material damages the data exporter or the data importer (or its sub-processor) causes the data subject by breaching the third-party beneficiary rights under these Clauses. This is without prejudice to the liability of the data exporter and, where the data exporter is a processor acting on behalf of a controller, to the liability of the controller under Regulation (EU) 2016/679 or Regulation (EU) 2018/1725, as applicable.

(d) The Parties agree that if the data exporter is held liable under paragraph (c) for damages caused by the data importer (or its sub-processor), it shall be entitled to claim back from the data importer that part of the compensation corresponding to the data importer's responsibility for the damage.

(e) Where more than one Party is responsible for any damage caused to the data subject as a result of a breach of these Clauses, all responsible Parties shall be jointly and severally liable and the data subject is entitled to bring an action in court against any of these Parties.

(f) The Parties agree that if one Party is held liable under paragraph (e), it shall be entitled to

claim back from the other Party/ies that part of the compensation corresponding to its / their responsibility for the damage.

(g) The data importer may not invoke the conduct of a sub-processor to avoid its own liability.

Clause 13 – Supervision

(a) **Applicable if the data exporter is established in an EU Member State:** The supervisory authority with responsibility for ensuring compliance by the data exporter with Regulation (EU) 2016/679 as regards the data transfer, as indicated in Annex I.C, shall act as competent supervisory authority.

Applicable if the data exporter is not established in an EU Member State, but falls within the territorial scope of application of Regulation (EU) 2016/679 in accordance with its Article 3(2) and has appointed a representative pursuant to Article 27(1) of Regulation (EU) 2016/679: The supervisory authority of the Member State in which the representative within the meaning of Article 27(1) of Regulation (EU) 2016/679 is established, as indicated in Annex I.C, shall act as competent supervisory authority.

Applicable if the data exporter is not established in an EU Member State, but falls within the territorial scope of application of Regulation (EU) 2016/679 in accordance with its Article 3(2) without however having to appoint a representative pursuant to Article 27(2) of Regulation (EU) 2016/679: The supervisory authority of one of the Member States in which the data subjects whose personal data is transferred under these Clauses in relation to the offering of goods or services to them, or whose behaviour is monitored, are located, as indicated in Annex I.C, shall act as competent supervisory authority.

(b) The data importer agrees to submit itself to the jurisdiction of and cooperate with the competent supervisory authority in any procedures aimed at ensuring compliance with these Clauses. In particular, the data importer agrees to respond to enquiries, submit to audits and comply with the measures adopted by the supervisory authority, including remedial and compensatory measures. It shall provide the supervisory authority with written confirmation that the necessary actions have been taken.

SECTION III – LOCAL LAWS AND OBLIGATIONS IN THE CASE OF ACCESS BY PUBLIC AUTHORITIES

Clause 14 – Local laws and practices affecting compliance with the Clauses

(a) The Parties warrant that they have no reason to believe that the laws and practices in the third country of destination applicable to the processing of the personal data by the data importer, including any requirements to disclose personal data or measures authorising access by public authorities, prevent the data importer from fulfilling its obligations under these Clauses. This is based on the understanding that laws and practices that respect the essence of the fundamental rights and freedoms and do not exceed what is necessary and proportionate in a democratic society to safeguard one of the objectives listed in Article 23(1) of Regulation (EU) 2016/679,

are not in contradiction with these Clauses.

(b) The Parties declare that in providing the warranty in paragraph (a), they have taken due account in particular of the following elements:

(i) the specific circumstances of the transfer, including the length of the processing chain, the number of actors involved and the transmission channels used; intended onward transfers; the type of recipient; the purpose of processing; the categories and format of the transferred personal data; the economic sector in which the transfer occurs; the storage location of the data transferred;

(ii) the laws and practices of the third country of destination– including those requiring the disclosure of data to public authorities or authorising access by such authorities – relevant in light of the specific circumstances of the transfer, and the applicable limitations and safeguards [FN 12 omitted];

(iii) any relevant contractual, technical or organisational safeguards put in place to supplement the safeguards under these Clauses, including measures applied during transmission and to the processing of the personal data in the country of destination.

(c) The data importer warrants that, in carrying out the assessment under paragraph (b), it has made its best efforts to provide the data exporter with relevant information and agrees that it will continue to cooperate with the data exporter in ensuring compliance with these Clauses.

(d) The Parties agree to document the assessment under paragraph (b) and make it available to the competent supervisory authority on request.

(e) The data importer agrees to notify the data exporter promptly if, after having agreed to these Clauses and for the duration of the contract, it has reason to believe that it is or has become subject to laws or practices not in line with the requirements under paragraph (a), including following a change in the laws of the third country or a measure (such as a disclosure request) indicating an application of such laws in practice that is not in line with the requirements in paragraph (a).

(f) Following a notification pursuant to paragraph (e), or if the data exporter otherwise has reason to believe that the data importer can no longer fulfil its obligations under these Clauses, the data exporter shall promptly identify appropriate measures (e.g. technical or organisational measures to ensure security and confidentiality) to be adopted by the data exporter and/or data importer to address the situation. The data exporter shall suspend the data transfer if it considers that no appropriate safeguards for such transfer can be ensured, or if instructed by the competent supervisory authority to do so. In this case, the data exporter shall be entitled to terminate the contract, insofar as it concerns the processing of personal data under these Clauses. If the contract involves more than two Parties, the data exporter may exercise this right to termination only with respect to the relevant Party, unless the Parties have agreed otherwise. Where the contract is terminated pursuant to this Clause, Clause 16(d) and (e) shall apply.

Clause 15 – Obligations of the data importer in case of access by public authorities

15.1 Notification

(a) The data importer agrees to notify the data exporter and, where possible, the data subject promptly (if necessary with the help of the data exporter) if it:

(i) receives a legally binding request from a public authority, including judicial authorities, under the laws of the country of destination for the disclosure of personal data transferred pursuant to these Clauses; such notification shall include information about the personal data requested, the requesting authority, the legal basis for the request and the response provided; or

(ii) becomes aware of any direct access by public authorities to personal data transferred pursuant to these Clauses in accordance with the laws of the country of destination; such notification shall include all information available to the importer.

(b) If the data importer is prohibited from notifying the data exporter and/or the data subject under the laws of the country of destination, the data importer agrees to use its best efforts to obtain a waiver of the prohibition, with a view to communicating as much information as possible, as soon as possible. The data importer agrees to document its best efforts in order to be able to demonstrate them on request of the data exporter.

(c) Where permissible under the laws of the country of destination, the data importer agrees to provide the data exporter, at regular intervals for the duration of the contract, with as much relevant information as possible on the requests received (in particular, number of requests, type of data requested, requesting authority/ies, whether requests have been challenged and the outcome of such challenges, etc.).

(d) The data importer agrees to preserve the information pursuant to paragraphs (a) to (c) for the duration of the contract and make it available to the competent supervisory authority on request.

(e) Paragraphs (a) to (c) are without prejudice to the obligation of the data importer pursuant to Clause 14(e) and Clause 16 to inform the data exporter promptly where it is unable to comply with these Clauses.

15.2 Review of legality and data minimization

(a) The data importer agrees to review the legality of the request for disclosure, in particular whether it remains within the powers granted to the requesting public authority, and to challenge the request if, after careful assessment, it concludes that there are reasonable grounds to consider that the request is unlawful under the laws of the country of destination, applicable obligations under international law and principles of international comity. The data importer shall, under the same conditions, pursue possibilities of appeal. When challenging a request, the data importer shall seek interim measures with a view to suspending the effects of the request until the

competent judicial authority has decided on its merits. It shall not disclose the personal data requested until required to do so under the applicable procedural rules. These requirements are without prejudice to the obligations of the data importer under Clause 14(e).

(b) The data importer agrees to document its legal assessment and any challenge to the request for disclosure and, to the extent permissible under the laws of the country of destination, make the documentation available to the data exporter. It shall also make it available to the competent supervisory authority on request.

(c) The data importer agrees to provide the minimum amount of information permissible when responding to a request for disclosure, based on a reasonable interpretation of the request.

SECTION IV – Final Provisions

Clause 16 – Non-compliance with the Clauses and termination

(a) The data importer shall promptly inform the data exporter if it is unable to comply with these Clauses, for whatever reason.

(b) In the event that the data importer is in breach of these Clauses or unable to comply with these Clauses, the data exporter shall suspend the transfer of personal data to the data importer until compliance is again ensured or the contract is terminated. This is without prejudice to Clause 14(f).

(c) The data exporter shall be entitled to terminate the contract, insofar as it concerns the processing of personal data under these Clauses, where:

(i) the data exporter has suspended the transfer of personal data to the data importer pursuant to paragraph (b) and compliance with these Clauses is not restored within a reasonable time and in any event within one month of suspension;

(ii) the data importer is in substantial or persistent breach of these Clauses; or

(iii) the data importer fails to comply with a binding decision of a competent court or supervisory authority regarding its obligations under these Clauses.

In these cases, it shall inform the competent supervisory authority of such non-compliance. Where the contract involves more than two Parties, the data exporter may exercise this right to termination only with respect to the relevant Party, unless the Parties have agreed otherwise.

(d) Personal data that has been transferred prior to the termination of the contract pursuant to paragraph (c) shall at the choice of the data exporter immediately be returned to the data exporter or deleted in its entirety. The same shall apply to any copies of the data. The data importer shall certify the deletion of the data to the data exporter. Until the data is deleted or returned, the data importer shall continue to ensure compliance with these Clauses. In case of local laws applicable

to the data importer that prohibit the return or deletion of the transferred personal data, the data importer warrants that it will continue to ensure compliance with these Clauses and will only process the data to the extent and for as long as required under that local law.

(e) Either Party may revoke its agreement to be bound by these Clauses where (i) the European Commission adopts a decision pursuant to Article 45(3) of Regulation (EU) 2016/679 that covers the transfer of personal data to which these Clauses apply; or (ii) Regulation (EU) 2016/679 becomes part of the legal framework of the country to which the personal data is transferred. This is without prejudice to other obligations applying to the processing in question under Regulation (EU) 2016/679.

Clause 17 – Governing law

These Clauses shall be governed by the law of the EU Member State in which the data exporter is established. Where such law does not allow for third-party beneficiary rights, they shall be governed by the law of another EU Member State that does allow for third-party beneficiary rights. The Parties agree that this shall be the law of Poland.

Clause 18 – Choice of forum and jurisdiction

(a) Any dispute arising from these Clauses shall be resolved by the courts of an EU Member State.

(b) The Parties agree that those shall be the courts of Poland.

(c) A data subject may also bring legal proceedings against the data exporter and/or data importer before the courts of the Member State in which he/she has his/her habitual residence.

(d) The Parties agree to submit themselves to the jurisdiction of such courts.

APPENDIX

ANNEX I

A. LIST OF PARTIES

Data exporter(s):

1. Primary Data Controller – CloudCasa Customer

Name:

Address:

Contact person's name, position and contact details:

Activities relevant to the data transferred under these Clauses: Customers use of CloudCasa services to manage, backup, and store data. Data is transferred only if and when Customers elects to use storage outside of the EU.

Role: Data Controller

Signature and date:

(Date)

Name and Title of signing individual

Data importer(s):

Name: Catalogic Software, Inc.

Address: 140 E. Ridgewood Ave.; Suite 415, South Tower, Office 416; Paramus, NJ

Contact person's name, position and contact details: Sathya Sankaran, COO;

info@catalogicsoftware.com; +1 201-249-8980

Activities relevant to the data transferred under these Clauses: Customers use CloudCasa services to manage, backup, and store data. Data is transferred only if and when Customers select to use storage outside of the EU. The Customer controls what type of data is transferred and for what purpose it is transferred.

Role: Data Processor

Activities relevant to the data transferred under these Clauses when Catalogic acts as Limited Controller:

For the purposes of removing any doubt: In order to comply with its obligations as Processor/Data Importer under the applicable Master Service Agreement or Terms of Service, either of which is supplemented by this Data Transfer Agreement, Catalogic is a Limited Controller with respect to a minimal amount of personal data. Specifically, this includes the collection of minimal staff contact information necessary for Catalogic to render technical support or managing Customer's use of Cloud Services, including meeting data privacy requirements or, in the unlikely event that an individual purchases Cloud Services, the collection of minimal individual contact information necessary for Catalogic to render technical support or managing user's use of Cloud Services, including meeting data privacy requirements.

When Catalogic acts as Limited Controller, by virtue of providing the requested personal data, Customer (or the rare individual user) acts as the Data Exporter and Catalogic as the Data Importer. In accordance with these Standard Contracting Clauses, Catalogic may transfer the data onward to a sub-processor, either simultaneously or at a later time. In the event of an onward transfer, the relevant processing activities are governed by Standard Contracting Clauses between Catalogic and the relevant sub-processor. Copies of those sub-processing agreements, including the required descriptions of the activities related to any transfers of data, are available upon request: info@catalogicsoftware.com

B. DESCRIPTION OF TRANSFER

Transfer controller to processor, where Catalogic Software, Inc. is the processor

Transfer controller to processor, where Catalogic Software, Inc. is the Controller– Limited to the collection of information necessary for Catalogic to render technical support for the Cloud Services or in the context of natural person as purchaser of services

Categories of data subjects whose personal data is transferred:

When Catalogic acts as processor, the categories of data subjects whose personal data is processed is determined by the controller and may vary depending upon the exact use and configuration of the Cloud Services elected by Customer.

When Catalogic acts as controller in the limited instances for provision of technical support, the categories of data subjects whose personal data is processed includes Customer’s staff.

CloudCasa is designed for use by entities, organizations, institutions., etc.; however, it is theoretically possible that an individual natural person would choose to purchase Cloud Services.

When Catalogic acts as controller in the unlikely instance in which a natural person purchases Cloud Services individually, the categories of data subjects whose personal data is processed includes such natural person(s).

Categories of personal data transferred:

When Catalogic acts as processor, the categories of personal data transferred are determined by the Customer/Controller, depending upon the use and configuration of Cloud Services, in its sole discretion, and may include any and all of the types of data set forth in the relevant Data Processing Agreement of which this Data Transfer Agreement is a part.

When Catalogic acts as controller and processor in the limited instances for provision of technical support or the unlikely instances of billing natural persons, personal data transferred may include any and all of the types of data set forth in the relevant Data Processing Agreement of which this Data Transfer Agreement is a part.

Sensitive data processed (if applicable) and applied restrictions or safeguards that fully take into consideration the nature of the data and the risks involved, such as for instance strict purpose limitation, access restrictions (including access only for staff having followed specialised training), keeping a record of access to the data, restrictions for onward transfers or additional security measures.

Not Applicable. However, due to the nature of the Cloud Services, the exact types of personal data cannot be conclusively established and may vary depending on the exact use and configuration of the Cloud Services elected by Customer. No sensitive data is required in order to use the Cloud Services.

Frequency of transfer:

Continual basis for the Term of the relevant Agreement or Terms of Service and consistent with the Data Processing Agreement of which this Data Transfer Agreement is a part. For the sake of clarity and to avoid presenting confusing repetitive information, additional specific details are provided in said Data Processing Agreement.

Nature of processing:

To perform contractual obligations as described in the relevant Agreement or Terms of Service as well as the Data Processing Agreement of which this Data Transfer Agreement is a part. For the sake of clarity and to avoid presenting confusing repetitive information, additional specific details are provided in said Data Processing Agreement.

Purpose of data transfer and processing:

When Catalogic acts as processor the Customer/Controller determines the purpose of both the processing and and transfer of data. Such processing and data transfer are for the purpose(s) defined by the Customer/Controller.

When Catalogic acts as controller in limited instances for provision of technical services, the data are transferred and processed to enable Catalogic to fulfill contractual obligations to Customer pursuant to the relevant Agreement.

When Catalogic acts as Controller in the unlikely instance of billing natural persons, the data are transferred and processed to enable Catalogic to fulfill contractual obligations to such natural persons pursuant to the relevant Agreement/Terms of Service.

In each case, for the sake of clarity and to avoid presenting confusing repetitive information, additional specific details regarding the purpose of processing of transferred data are provided in said Data Processing Agreement.

The period for which personal data will be retained, or, if that is not possible, the criteria used to determine that period:

The personal data will be retained until termination or expiration of the Agreement, in accordance with the Agreement and/or our Terms of Service as well as the Data Processing Agreement of which this Data Transfer Agreement is a part. For the sake of clarity and to avoid presenting confusing repetitive information, additional specific details are provided in said Data Processing Agreement.

For transfers to (sub-) processors, also specify subject matter, nature and duration of the processing: Whether Catalogic acts as processor or controller, transfers to sub-processors will mirror the transfers to processor as set forth above with respect to subject matter, nature and duration. As processor, Catalogic has general authorization for the engagement of sub-processors from an agreed list, which list is provided in **Exhibit A** to this combined Data Processing Agreement and Data Transfer Agreement (collectively, “Data Processing Supplement”) and is otherwise available at: <https://cloudcasa.io/legal>. As controller, Catalogic grants processors

general authorization for the engagement of (sub-) processors from an agreed list, which list is, likewise, provided in **Exhibit A** to this combined Data Processing Agreement and Data Transfer Agreement (collectively, “Data Processing Supplement”) and is otherwise available at: <https://cloudcasa.io/legal>.

C. COMPETENT SUPERVISORY AUTHORITY

Transfer controller to processor, where Catalogic Software, Inc. is the processor

National Supervisory Authority/ies in Member State in which Data Exporter is established, or otherwise in accordance with Clause 13(a)

Transfer controller to processor, where Catalogic Software, Inc. is the Controller– Limited to the collection of information necessary for Catalogic to render technical support for the Cloud Services or in the context of natural person as purchaser of services

In accordance with Clause 13, National Supervisory Authority/ies in the country where Data Exporter is established. The Parties agree that this is and shall be the Republic of Poland.

ANNEX II - TECHNICAL AND ORGANISATIONAL MEASURES INCLUDING TECHNICAL AND ORGANISATIONAL MEASURES TO ENSURE THE SECURITY OF THE DATA

Transfer controller to processor, where Catalogic Software, Inc. is the processor

Transfer controller to processor, where Catalogic Software, Inc. is the Controller– Limited to the collection of information necessary for Catalogic to render technical support for the Cloud Services or in the context of natural person as purchaser of services

With a high value placed on data privacy and security, Catalogic has implemented and maintains a security program incorporating a combination of industry standards and best practices. Because the Customer controls the exact use and configuration of the Cloud Services, it cannot be precisely determined what measures apply to which transfers. Such limitation notwithstanding, the following measures generally apply to the types of transfers identified.

With respect to transfers to tawk.to for the purposes of providing technical support services, the following measures apply:

Encryption of data in transit and at rest protects the minimal personal data transmitted while allowing support technicians to identify the individual seeking support and to provide the requested support.

With respect to transfers in the unlikely case of processing billing for a natural person who purchases Cloud Services, the following measures apply:

Encryption of data in transit and at rest protects the minimal personal data transmitted while enabling payment processing.

With respect to all other transfers related to the use of Cloud Services, refer to Annex III of the Data Processing Agreement for applicable measures.

For transfers to (sub-) processors, also describe the specific technical and organisational measures to be taken by the (sub-) processor to be able to provide assistance to the controller and, for transfers from a processor to a sub-processor, to the data exporter

CloudCasa's Shared Responsibility Model document highlights the technical aspects of Cloud Services that help the Customer/Controller fulfill its obligations.

Information about the technical and organizational measures sub-processors undertake to be able to provide assistance to the controller can be accessed as noted on the Agreed list of sub-processors, attached to this Data Processing Supplement as Exhibit A.
